PROFILE

Ph.D. Candidate Portland State University in Public Administration and Policy.

Research focused on international and comparative politics and public administration with an emphasis on political economy and European policy.

EDUCATION

PhD Public Administration and Analysis, Portland State University, Portland, Or
MS Political Science, Portland State University, Portland, Oregon
BA University of Michigan, Residential College, Ann Arbor, MI

EXPERIENCE

**Adjunct Professor of Political Science, Portland State University; Portland, OR
2006-2012**

University Instructor. Surveyed needs for lower and higher division courses, met with senior faculty to establish department goals for students and developed curriculum around department needs. I am responsible for the entire curriculum, instruction and grading of students. Courses taught: Introduction to World Politics, International Political Economy, European Union, Political Development of Modern Turkey.

**Associate Professor of Research, Portland State University; Portland, OR
2010-2011**

Prepared an institutional review of the roles and structure for the international centers and institutes at Portland State University. Multi-method research project composed of interviews for emergent issues and questions, developing a survey, and analysis in preparation of outside review and redefined strategic plan.

**Adjunct Professor of Political Science, Western Oregon University; Monmouth OR
Jan-June 2011**

I am responsible for the entire curriculum, instruction and grading of students. Courses taught: Introduction to World Politics, International Political Economy, International Organizations.

**Social Science Researcher. USDA Pacific Northwest Forest Sciences Research
Laboratory 2003-2007**

Work as part of social sciences research team, Human Natural Resources Interactions. Work on monitoring effectiveness of fire management teams, analysis of cost models for wildland-urban interface education, worked on a team developing a computer-based cost-benefit analysis tools for fire mitigation strategies. Current work in simulating community benefits sensitivity to estimate cost-effective mitigation strategies for fire prone residential areas.

Graduate Research Assistant 2000-2007

Senior graduate research staff for Center for Turkish Studies. I was Portland State team leader for TransPacific Consortium research on regional comparative political capacity project. I have conducted substantial research on sources of financial instability, policy reform, and democratization.

Senior Research Assistant, Cyprus Values Survey 2005-2006

Helped produce research instrument, process and analyze results of the first Cyprus values survey to cover both communities. Duties included proofing research instrument, proofing collected data, processing data in to World Values Survey standard formats, and analyzing data for presentation in Cyprus fall 2006.

Policy Analyst, Oregon Center for Public Policy Summer 2002

Analyzed data and authored chapter on Health Insurance in Oregon.

SKILLS

Teaching. Course design, curriculum development, writing and presenting complex materials. I am experienced with several online management tools.

I have experience in most elements of research design and analysis including qualitative and quantitative data collection and analysis. I have coursework and some research experience with interviews as part of a multi-method analysis. I have experience developing survey instruments, and with secondary data collection. I have strong familiarity with the major academic literature research databases.

My specific software skills include MS Office suite (excellent), Visual Basic Programming, Endnotes bibliographic manager. Statistical Computing software includes SPSS (Excellent), M-Plus (strong), HLM (strong), R (learning) and Mathematica (novice), basic GIS. I have training in regression analysis, multi-level modeling and factor analysis.

Languages: Dutch (reading, some conversation), German (reading, some conversation), Turkish (beginning).
