RELEVANT EXPERIENCE

Lead Guide, Sockeye Cycle Co., Skagway, AK, April 2011 – December 2012

- Led groups of 2 to 14 guests on bicycle tours lasting 2.0 to 7.0 hours
- Managed tour operations two days per week, creating daily schedules and ensuring prompt payment
- Maintained excellent relationships with both clients and vendors
- Oversaw guide program and developed training materials for new guides
- During off-season, worked at Professionals for Non-Profits and H.J. Heinz Co. (please see below)

Volunteer, Klondike Gold Rush National Historical Park, Skagway, AK, April 2012 – October, 2012

- Assisted wildlife biologist on snow surveys, biological surveys, and water quality inventories
- Assisted community-based watershed management efforts with Taiya Inlet Watershed Council

Lab/Research Assistant, H.J. Heinz Co., Warrendale, PA, January 2012 – April 2012

- Analyzed thermal processing to prevent food spoilage
- Performed plating to test for potential food spoilage
- Gathered data to determine if foods were acidified per FDA regulations

Temp, Professionals for Non-Profits, Washington, DC, October 2007 – February 2008, March 2010 – April 2010

- Worked three temporary assignments with PNP
- First assignment was scheduled for only one week; client extended my stay for four months
- Primarily performed administrative duties and special event planning and execution

Farmhand, Soergel Orchards, Wexford, PA, August 2010 – January 2011

- Fed animals and graded and packaged apples for sale in market and delivery to wholesale customers
- Performed other farm duties as needed, such as pruning, spreading hay, or general maintenance

Founder, Mendora, Lund, Sweden, January 2010 – August 2010

- Formed non-profit to help first- and second-generation immigrants build sustainable businesses
- Partnered with local community to provide free skills training and networking opportunities
- Worked with diverse group of people, with partners and clients coming from four continents
- Ideas were rolled into an existing community organization called TAMAM

Technology Analyst, WorldTech International, Alexandria, VA, March 2008 - May 2010

- Researched and analyzed emerging technologies
- Summarized pertinent information for clients in reports ranging in length from 200 words to 20 pages
- Synthesized large amounts of open source data into market overviews
- Worked remotely as a contractor beginning in December 2008 and part-time during graduate school

Alumni Bike Race, Santa Monica, CA to Atlantic City, NJ, September 2007

- One of five Bucknell alums to cycle cross-country and raise \$1.3 million for need-based scholarships
- For more information, please see www.alumnibikerace.com
